

LEARN HOW TO PLAY ONE OF THE FASTEST GAMES IN THE WORLD

Our program follows the national coaching program and is taught by experienced and enthusiastic group of coaches. The coaches put the kids through a series of skill development drills and games to ensure your child has the best start to their hockey career.

The Programme

Our Kiwi Hockey programme focuses on the basics of hockey, from just getting used to skating with a stick and equipment on, to stick handling, passing, and shooting. It is crucial to get these basics right before progressing to a higher level. The program also includes 4-5 cross ice games per term to get the competitive side flowing!

Equipment

We know that starting a new sport can be expensive and especially a sport like hockey where you are more padded up than a gladiator! As such, we have a good relationship with the Dunedin Ice Hockey Club and they provide hire equipment for just \$50 per term + a \$50 bond that is refunded upon return of the equipment.
